Effective eLearning

Infobase LEARNING CLOUD

3 ways you can use **Infobase Learning Cloud** as an effective eLearning solution for your entire campus community

1 Improve the learning experience with **short microlearning videos**.

- **Facilitate self-paced, personalized learning** with targeted learning modules.
- **Improve retention** with short and repeatable 3–7 minute learning segments that can fit into any schedule.

Create lasting impact with an **outcome-based learning framework**.

2

- **Motivate learners to build skills** with clear learning outcomes and consistent learning experiences.
- **Create lasting outcomes** with a consistent and comprehensive course layout.

3 Improve student engagement and offer equal opportunity with **accessible learning tools**.

- **Learning Cloud is 508 compliant** and is safe and accessible for people with disabilities.
- **Increase comprehension** with a closed-caption video transcript that is available in 9 languages.

**Upskill and Inspire the Campus of Tomorrow!
