

World News Digest

Unbiased, multimedia news offering balanced, interactive coverage of global events, past and present

World News Digest offers 350,000+ original articles dating back to 1940, breaking news stories from Reuters, thousands of videos from trusted sources, and other multimedia collections—all ideal for research, critical thinking, and connecting past and present events.

Why it's great

Trusted and unbiased

It delivers nonpartisan, expertly vetted coverage of global events—helping students develop source evaluation skills and recognize bias in media.

Student-friendly

Clearly written articles support comprehension and research, reinforcing information literacy skills like identifying key facts, synthesizing viewpoints, and citing reliable sources.

Historical context

It links current and historical events, fostering critical thinking, contextual analysis, and informed engagement with global issues.

A must for students obtaining background information on a topic...intuitive even for novice users."
